Political violence in democratic Europe during the interwar period

With this app, we code whether a list of articles describes events of political violence in democracies in Europe between 01 January 1919 and 31 August 1939.

Please, first select your assigned country, then the newspaper you are coding, then the date of the article

Before saving a final version of the event you coded, please use the "Check data consistency" button below and correct potential mistakes.

The app will refresh if you remain inactive on this page for about 10 minutes! Please make sure to save some notes outside the app or to save your finished coding before that happens.

Country Selection

First, please select the country you are coding:

Information on newspaper article

☐ **This article does not mention any political violence**

☐ **This article does not mention enough information to be coded (e.g. actor, year or place missing).**

☐ **This article mentions an event happening outside of the country of interest**

Location	Date	Actor	Casualties	⊕

Country (borders as of today)

[None selected ▼]

Region (e.g. state or district)

[leave empty if NA]

Borough, town, village or city (formate: borough, town)

[leave empty if NA]

Area or locality (e.g. squares or buildings)

[leave empty if NA]

Street

[leave empty if NA]

[Show on map]

☐ Tick if town is correctly marked

If **the town is not correctly marked** , try specifying the name by adding additional information, e.g. instead of "Westhill", try "Westhill, Northern Ireland", if you were looking for Westhill in NI rather

If the report only contains vague information regarding the start or end date, please have a look at the codebook and coding instructions, code the earliest day possible and use the precision variable to specify the range of start and end dates.

Start year

[None selected ▼]

Start month

[None selected ▼]

Start day

[None selected ▼]

Precision (start date)

○ 1: exact date
○ 2: 2-6 day range
○ 3: only week known
○ 4: only month known
○ 5: only year known
● 6: no info

☐ The event lasted more than one day.

Who used violence?

○ Only one side
○ More than one side
○ Don't know
● None selected

Actor A - Category

Actor A - Organized group

[None selected ▼]

Actor B - Category

[None selected ▼]

Actor B - Organized group

[None selected ▼]

Deaths mentioned?

○ No deaths mentioned
○ Deaths mentioned
○ Deaths likely
● None selected

Numer of reported deaths

[as in the text, e.g.]

Injuries mentioned?

○ No injuries mentioned
○ Injuries mentioned
○ Injuries likely
● None selected

Number of reported injured people

[as in the text, e.g.]

+

than Westhill in
Scotland.
Sometimes, articles
provide information
on the county that
can be added.
Otherwise, a Google
search might help.

Additional comments

Comments:

Leave NA if no comment necessary

Article ID (if present)

Insert the article ID if it exists:

Leave NA if no ID exists

Done coding and save

If the **"Save data" button is inactive** try the following things first:

a) if you coded the article: Make sure you selected an article ID, clicked on "Show on map" and on "Check consistency". Follow potential instructions before saving.

b) if you did not code the article: Make sure you selected an article ID, either ticked that the article does not mention pol. violence, or that information is missing, and clicked on "Check consistency". Follow potential instructions before saving.
